

WHAT CAN I DO WITH....MARKERS AND WATER?

1-Draw 10 circles and 5 lines with waterbased black marker... use a wet paintbrush and trace over ink- add color when dry!!

2- Waterbased marker- draw shapes with concentric lines and drag a wet paintbrush through

3-Draw shapes with waterbased marker and spray with water, once dry, add line designs between

4- Draw stripes and turn to plaid, vary line thickness and direction, wet with brush

5- Marker prints- draw on foil, spritz with water, place paper on top, rub, pull up.

6-Coffee filters and marker tie dye. Cover filter with bold colors, Spray with water. More in highlights
